Press Release – June 2021

Rapid AST Direct from Positive Blood Culture Guidelines in BIOMIC® V3

BIOMIC V3 includes EUCAST Rapid AST direct from positive blood culture (RAST) incubation breakpoints for 4, 6, and 8 hours. Disk diffusion plate images and zone diameters are instantly displayed on screen. View the EUCAST RAST webpage for more information. https://euca.st.org/rapid_ast_in_blood_cultures/

BIOMIC V3 also includes CLSI standard overnight (16-18 hour) incubation breakpoints for rapid AST direct from a positive blood culture. These guidelines are included in the 2021 CLSI M100 document: Performance Standards for Antimicrobial Susceptibility Testing.

About Giles Scientific Inc:

Giles Scientific has served clinical, environmental, pharmaceutical and veterinary microbiology laboratories since 1984. The Company develops, manufactures, sells and supports our customers with our color digital imaging equipment in 100+ countries.
